Quality is the foundation upon which rests success. It does not matter how swift the service nor how low the price if the quality is not there.

We realize that a Gardener or Florist cannot be too careful in the selection of the seeds he is using; therefore, it is our aim to have only the very best and most reliable seeds we are able to procure, a large part of which is imported from the best growers in Denmark and other European countries.

Any order you may send us will receive our prompt and most careful attention.

Respectfully yours,
